MUSEUM SQUARE

Real Estate

The off-plan sales for a new mixed-use project featuring over 170 apartments (studios, 2 to 4-bedroom apartments with living rooms) and offices in the CASA ANFA district have begun, with completion expected by the end of 2024. The Anfa Project, covering 475 hectares, aims to transform the city's former historic airport into a city for 100,000 inhabitants and 100,000 jobs, according to the directives of His Majesty King Mohammed VI, who envisions it as "THE NEW CENTER OF CASABLANCA." The first operational phase of 115 hectares is underway, with over 13 high-end residential projects, the majority of which are delivered or nearing completion, and one project in the launch phase, along with 3 "mid-range" projects.

Visual Identity Brand identity guidelines / Visual arts and directions

Casablanca a été durant près d'un demi-siècle un laboratoire d'expérimentation architectural mondial.

L'esprit Art déco a laissé place à une expression architecturale de mouvement libre et moderne en adéquation avec l'évolution des cultures constructives de l'époque. Face à ce melting pot d'art et de technique, LES JARDINS D'ANFA est un projet qui ambitionne de reprendre les lignes fluides et organiques qui ont fait la particularité de Casablanca.
